## RECLUSAL.

RECLUSAL. David W. McKeague, did in fact, obstruct justice, \$ encouraged, then allowed U.S. prosecutor Tim Verhey, to threaten the jury, in his kangaroo court, during the framing of:

## THE MARVLS1.

Verhey, "...if you do not return a conviction, I will have you the  
jury investigated for obstruction of justice." YOU,  
apparently, told your court recorder types, to whitewash, (make a  
dishonest transcript), removing his jury threat!!!

secondly. you simply, whole hog, invented a \$8,000 dollar, pay-ola, to a whore you were openly flirting with in the court room. I got 200 from Betty McKenny's former live in, you paid her, \*8,000 restitution. that I have to pay!!!

thirdly. You told the spineless piece of shit lawyer, david Kaczor, that if he helped, frame me for your buddy Robert Bell, (The corrupt crazy federal judge,) you would pay him, what amounsts to several bribes. (1) paid him 4 times the going rate for social security fraud cases!!! (2) pulled strings and got him made, federal public defender, in the Grand Rapids office. make copies. → ~~Dear~~ you <sup>may</sup> send the 'relief sought' to judge bell, and judge Joseph scoville. Tell them all is forgiven. and that I want you to know as well. I have learned much. a tremendous, amount of time to think, a great huge gift, that no normal human, ever does recieve, cuz they are frichin to busy!!!!

also. you ~~can~~ <sup>may</sup> mail copies of the relief sought to the media,  
lansing gazette, detroit news, radio? T.V.? the scum  
here steal my mail, to media, in violation of everything right!  
you need not copy, this reclusal, and if it took, a slam on  
verhey, or you to get you reclused then I would say, nay! just  
forget it, if that would be so. If it is simple, then good.  
recluse yourself.

Marvin Sabiron III

OR  
**RELIEF/DECISION SOUGHT**  
**EXECUTION OF FEMALES UNCONSTITUTIONAL**

(1) Evolving standards of decency, mandates that all executions of females, must end forever. The execution of even one innocent female, the extreme absolute proof that innocent have been executed, coincide, to immediately stop all executions of females.

(2) Marvin Gabrion II, is Factually Innocent, court officers Chosen By, Honourable Gilbert Merritt, should immediately rescue Marvls1 from murderous B.O.P. and monitor his safe release. OFTEN THEY MURDER THE RELEASED INMATE, CLAIMING IT WAS SUICIDE.

(3) With any possibility of legality, I would plead the court to make precedent, and split the issue's, so my suit for a honest, public, evidentiary hearing, bringing in the facts of the innocent Executed, will assume its own direction, separate of Marvin Gabrion II's murderer charges. I say execution, in light of the facts of innocent executed, is unconstitutional. (briefs and earlier En Banc's to court had absolute proof of many(100's?), of innocent executed. Thank you.

(4) It is Unconstitutional for Michigan law Makers, or its inhabitants to enact laws "PROVIDING FOR THE PENALTY OF DEATH". They violated 16 U.S.C. 480 when they offered jurisdiction for murder, or over bodies found in national forests, to the federal government. For those reasons, 3.401 is unconstitutionally vague. and 3.402 directly violates aforementioned, constitution of michigan, U.S.'s, and the congresses (top law makers), clearly worded congressional act.

(5) Because of extreme differences between various states murder laws, court rulings, etc. which represents the rights of each states citizens, which differerntiates totally with the "stab em, in the back, slab em", federal prosecutors, all state laws offering criminal jurisdiction over the crime of murder within all the states NATIONAL FORESTS, AUTO-MATICALLY ARE VOIDED, AS THEY OBSTRUCT, 16 U.S.C. 480, and make moot, unimportant, useless, the rights of the states citizens. THANK YOU.

(6) PRO-SE (with well described stand by, and assisting counsel.) It has been well defined in this filing, that Marvin would be free, and the real killers possibly arrested, had not, scoville, then Holmes Bell, refused Gabrion's Pro-se requests. They should be removed. (1) I need access to Michigan laws. A blue eyed staff, at UNIVERSITY OF MICHIGAN, CLINICAL LAW PROGRAM, SHOULD suffice. THEY WOULD HELP MY FILINGS WITHIN THAT JURISDICTION. (2) lawyers that helped Kenneth Richey off Ohio's death row, should be ordered to replace, McNally O'Donnell, Clarke, ETC. I choose chosen counsel, not prosecuotrs via illegal first ammendment theft of free communications, by corrupt B.O.P. (as they, and Maggott O'Donnell have been doing).

(7) appoint a magistrate judge to get court officer to make sure all Gabrion's mail is going out and in, unobstructed by corrupt B.O.P.! They stoled my rights to sell books, patent inventions (one would stop 90% of current air polution from exhaust, coal, trash incinerators,) Even a lowly federal judiciary (wink), might see the value in a more free Marvls1, in so much as mail, patents and book writing is concerned. I want all mail restrictions removed. with a warning to them that they should not steal, Ideas, from inmates mail!!!

# RELIEF/DECISION SOUGHT

as to (2), Firstly I would accept,protective custody, other then a corrections instituion, at a high class,(of my choosing),Private hospital. As far as Hon. Robert Holmes Bell, He used the Media to self pro-mote, himself and loook at me, as if he(and readers were looking at some one that all though not really deserving of the law, Bell the great, would none-the-less, make sure IT, reviewed a fair trial). what a crock of shit! Bell should publically apolagize. and pay the father of shannon verhage, 1 million dollars. But that is all up to him. The Marvls1 has much more important things, more pos- ative, then bringing down, Holmes Bell's personal JUDGESHIP. same apply's for Magistarte Joseph Scoville. except, that sara lost a sister, and velda a daughter, scoville clearly contributed to the delinquency of Rachel Timmerman. He is federal Judiciary. off work, in their private investments,pleasure, vacations abroad, everywhere at all times, they must be held to a higher standard. thus. He could voluntarilly, pay .5 million, to said two ladies, and Marvls1 will not be angered by that. I say all is forgiven, to all.

as to (7), The Marvls1, has been reduced to contact with only the few members of the drug gang that are his blood emediate fammilly. Where as many people trying to change the nation and world for the better, would ABSOLUTELY LOVE TO ENJOY, AND WOULD BUY, THE MARVLS1's MARVLS1sh, futuristic, and emediate plans to eliminate war, diseases, bring great extension of life to all the senile, and lovely members of the Federal judiciary and all! ELEMINATES 100% C.O. from exhaust,incenerators, ETC.!

I want a lawyer, to be found,so I can seal mail to them, whom's entire job is to make certain that the Marvls1 has full access to edi-tors, other lawyers, a way to approach ford and other companies with his world changing(improving always), machines, and other medical in-ventions.

Att.James sterling Lawrence, claimed he would take my case for \$50,000. exactly what types of conspiatory(if any), agreements he made, with? Bell, prosecutors, CLARKE! this court should investigate. other then that, He, Mr. Lawrence, could be my... FREEDOM OF SPEECH, FREE COMUNI-CATIONS, COURT APPOINTED(AND PAID FOR)LAWYER. REGARDLESS OF ANY OTHER DECISIONS ON ANY OTHER OF THE EARLIER (6) thru (1), this court must restore those constitutional rights, to the MARVLS1. Thank You!!!
